What do you do at Outset and how do you support our clients?

I work as a Paralegal in the Corporate & Commercial Team aiding with their business transactions, and assisting with post-completion work.

Give us a brief timeline of your career so far

I began my work at Outset one month after completing my PGDL at BPP University- so I'm learning a lot on the job! Throughout university I spent a lot of time working for Pro Bono organisations, creating and running workshops on topical legal issues, which required a lot of organisation and time-keeping skills which are essential to my work at Outset. I also have a lot of experience in the customer service industry which has taught me to be able to deal well with pressure.

What do you think sets Outset apart?

How friendly and approachable everyone is.

When you were young, what did you want to be when you grew up?

I've wanted to pursue law since I was 11- but before that definitely an actress!

What do you wish someone had told you when you started out? Or what piece of advice were you given early on that has stuck with you?

I wish I had been told to write down absolutely everything that I got told in the first few days! A great piece of advice was never be scared to pick up the phone and ask for help.
