Meet the team - Elliott Cox

What do you do at Outset and how do you support our clients?

I work in the commercial property team as a Paralegal. My role is to assist the fee earners in the commercial property team on various transactions such as acquisitions, disposals and standalone property transactions. This includes reviewing documents as part of due diligence process and writing reports for clients based on the findings in the documents. As well as dealing with the post completion process when a transaction completes.

Give us a brief timeline of your career so far

I got accepted into the University of Kent to study law when I was 18. I graduated from University with a 2.1, as well as having won the Colley Award (for obtaining the highest mark in the public law module in my first year).

During my final year of University I was fortunate enough to have the opportunity to undertake work experience Outset for an initial period of four weeks. I then came back the following summer and was offered a permanent position at Outset in November 2017.

I am now also currently studying the CILEX graduate fast track diploma which will lead to me becoming qualified as a Chartered Legal Executive.

What has been your biggest challenge in your role?

Not having been blessed with a natural confidence in myself, this leads to me challenging myself on a daily basis to be more confident and have faith in myself and my work. Although, everyone at Outset is very supportive and we help to build each other up.

What do you enjoy most about your job?

Working as part of a team where we all have the goal of achieving the best for our clients. As it is very satisfying when a deal/ transaction completes to know that you have played a part in helping it complete.

Meet the team - Elliott Cox

What do you think sets Outset apart?

My Colleagues as everyone is friendly and approachable, but everyone also has a great work ethic and commitment to getting the job done.

When you were young, what did you want to be when you grew up?

I wanted to be a millionaire like Del from Only Fools and Horses.

What do you wish someone had told you when you started out? Or what piece of advice were you given early on that has stuck with you?

Never be afraid to ask questions, as it's better to ask a question than get something wrong.

What do you enjoy doing when you are not working?

I enjoy spending time with my Girlfriend, my family and friends (Covid permitting). I am lucky enough to live on the edge of the weald of Kent so I get to go on rather nice scenic walks with my rather mad Cocker Spaniel, Luna.

Who inspires you most and why?

Michael Palin, due to his have travelled to so many and some rather far flung countries. Whilst he was travelling he would spend time learning about the local cultures and customs.

Meet the team - Elliott Cox

What piece of advice would you give someone in business?

If you want to be treated with respect you need to treat others as you wish to be treated.
